(a) Stock: observed-input one-step test
Normalised total biomass N
assessment
AR(1)
logistic
with recruitment
(b) Catch intensity: response-component test
Dimensionless catch intensity U
assessment proxy
AR(1)
mobilising
protective
(c) Stock: recursive annual surrogate
Normalised total biomass N
assessment
VAR(1)
2009 constant
mobilising
protective
Target year
(d) Catch intensity: recursive annual surrogate
Dimensionless catch intensity U
assessment proxy
VAR(1)
2009 constant
mobilising
protective
Target year
